LEMON GROVE REVIEW SEPTEMBER 10, 1953

10c Per Copy

LOCAL JUSTICE COURT saw its first civil marriage ceremony since Judge Hussey took the bench, the other evening. Bride and Groom left starry-eyed and happy in the knowledge that the age-old ritual would defend them against time and the world.

Judge Hussey however, added a touch of the modern in the closing admonition. Where most of the officiants ask that "Whom God has joined together, let no man put asunder," the Judge stated "Whom this Court has joined together, let no Court put asunder." "Puts a little more responsibility on us on earth," he opined.

HATS OFF DEPT. To the residents along Central Ave. who have installed circular driveways in front of their homes thereby eliminating on-street parking and also serving to beautify their yards. **TO THE MESSDADES** Sadie Campbell and Lydia Maupin for the installation of sidewalks and curbs in front of their property on Main St. near North Ave. **TO MIKE CALDERONE** FOR his excellent work in heading up the Summer Recreation Program for the kids. A system of teacher's pay increases, based in part on merit, may not be practical but we can cite several instances such as this where it is deserved.

COINCIDENT WITH THE OPENING of School let us reaffirm our pledge to drive carefully, make boulevard stops, and with sidewalks a mighty scarce item in the Grove, how about cleaning up the debris, rocks etc. near the curbs adjacent to the roads so that the kids may walk or ride their bikes on the shoulders rather than in the street. Tony Sonka informs us that with this kind of cooperation, the County will provide the grading.

AFTER MONTHS OF LEGAL tangles, the Business Women's League has worked out a lease whereby the land along the Railroad Right of Way on Main St. may now be beautified. They deserve real support on this project we think. Any con-

Lemon Grove Schools Open Monday

First Contract For Home Buying On Freeway Route

Dolence Named Manager Of McMahan's

Donald Dolence, well known San Diego furniture man, has been named manager of McMahan's Furniture in Lemon Grove. It was announced this week by McMahan's officials.

Dolence lives at 5950 Amarillo and has "four children, two dogs and one wife."

Dolence's assignment coincides with a special sales event which is currently taking place.

He has been in the furniture business for 15 years.

The James N. Clines, 3065 West Street are flanked by Johnny Retig left and Wayne Bryant right, Right-of-Way agents, after consummating sale of the first property purchase on the Lemon Grove Freeway route. Purchase was made September 1.

There's a new and happy sect in Lemon Grove who claim themselves "Refugees from the Freeway."

They are the property owners with whom the State Highway Negotiators have signed contracts of purchase.

First completed deal was with the James M. Clines, 3065 West Street.

The Clines express pleasure at getting the sale consummated and indicate that they are pleased with the arrangements.

The Clines built their place just a year ago and have added sev-

Monday morning, September 14, will be back to school for the children in the Lemon Grove School District. Some 2600 children are estimated to be in attendance, reflecting an increase of approximately 200 over the 1952-53 school year.

A portion of the new Lemon Grove Intermediate School will be ready for occupancy, including three regular classrooms, the Industrial Arts and the Home Arts buildings, with the other classrooms to be available within 30 to 45 days, and the entire plant by January 1, 1954.

The Lemon Grove Intermediate School will provide an expanded departmentalized program with emphasis for the first time being placed on home economics, shop, science, speech and art. The new plant will also include Shower and Locker buildings for both boys and girls; the new playground will provide facilities for tennis, volleyball, basketball, hand ball, softball and baseball.

With the completion of the present construction program, the District will have adequate housing for 2,073 children. This program has provided 34 new classrooms, financed jointly by a State loan under Chapter 1389, and be a Federal grant of \$426,866.00, which has come to the District under Public Law 815. This allocation represents an attempt on the part of the Federal government to share the responsibility for the impact on the School District created by Federal interests which employ about one-half of all the wage earners living in the community of Lemon Grove.

A hot Type A lunch will be provided at the school cafeterias for the same low price of 25c. The lunch content for the first week will be as follows:

Monday—Hot dogs, Buttered corn, Cabbage salad, Apple Betty and ½ pint Milk.

Tuesday—Spaghetti, Green Salad, French Bread and Butter, Peaches and ½ pint Milk.

Wednesday—Beef and Vegetable Stew, Cantaloupe and Grape Cup, Bread and Butter, Cookies and ½ pint Milk.

Thursday—Beef and Gravy over Mashed Potatoes, Sliced Tomatoes, Hot Rolls and Butter, Apple Cobbler, and ½ pint Milk.

Friday—Baked Beans, Carrot and Pineapple Salad, Bread and Butter, Ice Cream and ½ pint Milk.

County Administrative Center May Be In Lemon Grove

Hearing for the San Diego County Planning Commission's proposed Branch Administrative Center project will be held by County Planning Commission Sept. 25 and Oct. 9, according to Dr. Willis H. Miller, Director of Planning, San Diego County Planning Department.

The project is a dispersal plan which will set up eleven county "sub-capitals" throughout San Diego County to handle much of the business now being handled in downtown San Diego. Lemon Grove has been tentatively chosen for one of these centers.

Library, justice court, building inspection department, sheriff's office and other county functions would then be headquartered in

one building in the Lemon Grove vicinity. Foremost effect would be the reduction of time used by local residents making trips downtown to complete business they have with the county. Presumably the county will construct a new building to handle the necessary functions.

According to Dr. Miller, Lemon Grove, central location dictated the decision to recommend it for taking part in the plan.

A Branch County Administrative building was opened in Fallbrook in 1951. A County Administrative building in Escondido and a general office building in Chula Vista were opened in 1953.

Palsy Tickets Go On Sale For Operetta

Ticket sales for the Lemon Grove produced operetta, "Serafina," will be handled through the Grossmont District Hi-Y Clubs, it was announced today by Byron Netzel, president of the Lemon Grove Kiwanis Club.

The operetta scheduled for Grossmont Auditorium, Monday and Tuesday, October 5 and 6, is a musical based on early San Diego history and is being endorsed by area Kiwanis Clubs.

All income from the play will go into the San Diego County Cerebral Palsy Fund expressly for the use of palsied children.

The play was written by Jerome Gerard with Renan Prevost, a Lemon Grove composer, doing the music.

Most of the performers in the cast have been recruited from the Foothills area but there will be a sprinkling of professional-

ism in the cast. The Musicians Union will supply a full orchestra and some of the Starlight Opera directors will assist in the staging.

Tickets will be available early next week at newspapers in the area and through local Kiwanis Clubs. Hi-Y leaders will start a sales campaign later in the month.

The play "Serafina" concerns San Diego in the early 1800's when it was little more than a stopping point for west coast ships.

The operetta because it was produced by newspaper personnel has already achieved nationwide publicity in publications associated with the press.

B.W.L. Plan Fall Ball

A Board Meeting of the Business Women's League was held at the home of Mrs. Al Huebsch Sept. 3rd, and plans for the autumn ball to be held at Casper's Ranch Club Sept. 26th were discussed in detail.

The next meeting of the B.W.L. will be a luncheon, to be on Wednesday, Sept. 16th at Michaels.

Mr. William J. Penman, a licensed landscape contractor, has been hired by the Business Women's League to do the landscaping on the new project and work is to start this week.

For reservations to the Autumn Ball, please call M-3642, H6-8271 or H6-2372.

Juniors To Pump Lemonade Saturday

Lemon Grove Woman's Club Juniors will man the lemonade pump Saturday in the plaza. Lemonade will be served from 10 a. m. to 2 p. m.

The lemonade give-away is a regular weekly Chamber of Commerce project.

Villain Hisser Held Over

If you missed "Caught in the Villain's Web" you needn't feel despondent.

The play complete with refreshments, olio and hisses and boos for the villain will be presented again at the Woman's Club Saturday night.

Curtain time is 8:15.

Gary Platt, 3 1/2, Dies

Private funeral services were held Wednesday for Gary James Platt, 3½, son of Mr. and Mrs. Monroe A. Platt, 1924 El Prado, Lemon Grove. He is survived by his parents and sisters Jan and

Bargain signs are out and fresh merchandise is in place for the Lemon Grove Bargain Value Days next week.

Practically every business firm in the community has pledged itself to offer extra values for the two day event, Friday and Saturday, September 18 and 19.

In addition to merchandise bargain features, many firms will offer free attractions. Free lollipops and balloons will be given by several firms. Lindley's Owl Rexall Drug Store and C. P. Appliances will give lollipops as well as balloons. Free root beer will be given at Richie's Drive In. McMahan's will give bud vases. Cotton candy and food samples is scheduled for the Davis Market attraction. The half pint of paint will be given by Lemon Grove. Patlo and a bottle of cleaning fluid goes to those who want it at the new Lemon Grove Standard Station.

The Grove Theatre is planning a two for one admission arrangement on Friday and the town's four cafes will offer a special shoppers menu for those days. All in all it will be the biggest merchandising event put on by local merchants.

The event is designed to emphasize Lemon Grove's attractiveness as a shopping center. The REVIEW, which has been spear heading the event together with local merchants, will be distributed by carrier throughout the College area the two weeks preceding the sales event. Lomita Village is already blanketed by REVIEW circulation.

One objective of the event is to turn shoppers' attention toward Lemon Grove, its plentiful free parking and the fact that its shops offer merchandise through all price ranges and in a variety comparable to other larger communities. Attention will be directed to the fact that there is no city sales tax in Lemon Grove. Parking costs and tax will add to the otherwise substantial savings business firms have planned for the Bargain Day.

A special advertising section will be published in the REVIEW issue of September 17.

Several baby sitters will be listed at the REVIEW office and these may be obtained at a nominal fee by mothers who wish to take the vantage of the Bargain Day event.

Judy Platt

Gary succumbed to leukemia after a three weeks illness.

Meeting Monday

Regular monthly school board meeting will be at the school administrative offices on Acacia Street Monday at 7:30.

Dr. Gigliotti Given High Defense Post

Dr. Frank Gigliotti new Civil Defense Zone Warden and Albert Trumbull, Defense Director and a newly erected warning siren in the background.

Dr. Frank Gigliotti, nationally known Lemon Grove resident, was last week named as Executive Zone Warden of the Lemon Grove area, by the Civil Defense and Disaster Deputy Director, Albert Trumbull.

The announcement was made as some of the 85 air raid sirens in the county were being erected.

Gigliotti in accepting the responsibility said, "I have seen the devastating effects of air bombardment on civilian population when I was in Europe during the last war. Most of these people had what they considered adequate protection. We know that our protection is not yet adequate, therefore it is mandatory that every citizen throw himself whole heartedly into this program against any eventuality. We all pray to God, however, that disaster never strikes."

Two sirens have been installed in the Lemon Grove area. One at Imperial and Golden at the corner of the Avalon Cafe and the other in Monterey Heights.

A three minute wailing siren is the signal for an air raid alert. Three one minute blasts separated by two minutes of silence is the all clear. Sirens will be tested each Monday at noon but it will be 60 to 90 days before the connections are made with the sirens already erected.

The network of sirens is tied into the filter center at Santa Ana. Approaching aircraft are investigated by interceptor planes. The western air defense then decides whether to set off the sirens.

Dr. Gigliotti said that additional information concerning civil defense in Lemon Grove would be released through the local press and through defense organizations.

Lioness To Costume For Lions Dinner - Dance

In case you are wondering who are the attractive dolls costumed up and ready for the Lion's Dinner-Dance, they are Lionesses Johnson, Von Willer, and Baxter.

This is what some of our more attractive service club members will look like when the Lion's Follow-up Dance is held October at the El Morocco Club.

These women normally very attractive have disguised themselves by costume to such an extent that hardly anyone except of course, know that they are Lionesses. To the right: Lionesses Mmes. Don Johnson, Bob Von Willer, and Forrester Baxter.

The Dinner-Dance will begin at eight o'clock and cocktail hour is at seven.

Prizes will be offered for costumes with a separate prize for each of the Grove's clubs.

Revenue from the affair will be used for summer youth activities in the elementary school system. Prime project will be the

Helix Faculty Increased By 14

Helix High School has added the following teachers to the faculty for the school year 1953-54:

Mr. Clovis Hill—English 11 and Journalism.

Mr. Clarence Jasmagy—Design, Photography, Freehand Drawing.

Plant Ageratum In Lemon Grove For Quick Color

Dwarf ageratum is one of the best bets in Lemon Grove for a quick show of late summer color. As a half-hardy annual the time is growing short for planting this old-time favorite, but for the purpose of perking up a jaded spot in your garden, ageratum is worth utilizing for the value of its immediate bloom.

While its chief use is for border planting, ageratum can be used for full bed plantings or shows to good effect with dwarf

AGERATUM

marigolds in a mixed bed. Best marigolds for this purpose are the solid dwarf orange or yellow varieties such as Yellow Pygmy, Sunburst or Sunny. The solid tones of the yellow contrast strikingly with the muted lavender blue of the ageratum.

Two other combinations would be to use the ageratum with one of the solid shades of dwarf annual phlox such as chamolais or chamolais rose or with dwarf crested celosia. Growth habit and cultural needs are similar for these various plants. They all take full sun—require good drainage and do best with a mulching of steer manure or peat moss rather than intense cultivation.

Planted with care and well watered immediately upon being set out, they will reward the gardener who uses them with bold masses of lovely lavender blue flowers for as long as the weather stays mild.

"Substance" Christian Science Sunday Topic

The harmonious effects of understanding that "substance" is spiritual and permanent will be discussed in the Sunday Lesson-sermon on "Substance" in all Christian Science churches.

The Golden Text from Psalms (119:89-90) reads, "For ever, O Lord, thy word is settled in heaven. Thy faithfulness is unto all generations: thou hast established the earth, and it abideth."

In his Sermon on the Mount as recorded by Matthew (6:19-21) Jesus admonishes, "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, . . . For where your treasure is, there will your heart be also."

GOOD PRODUCE MADE BETTER

There is hardly anything in the world that some man cannot make a little worse, and sell a little cheaper, and the people who consider price only are this man's lawful prey. — John Ruskin.

Slaton's Like Davis Best, They Say

You can't beat Davis for convenience or quality, is a belief of Lorena H. Slaton, 7006 Central Avenue in Lemon Grove.

The wife of James Slaton and mother of two children, Bonny Jean, 14, and Linda, in the photo above, this attractive housewife and mother buys all of the food for her family of four at Davis' Food Center.

The Slatons have lived in Lemon Grove fourteen years and say they have tried all the markets but like Davis by far the best.

Mr. Slaton is employed on North Island.

Davis is at the corner of Broadway and Olive and has a newly enlarged parking area which now covers three sides of the huge market. —ADV.

FROZEN SOUP CUBES

Save leftover soup and capture its full flavor by freezing. A convenient method is to use the refrigerator's ice cube tray. The soup is frozen in cube form—two cubes make a serving—and is always ready for heating and eating.

County Taxes Cost More

The beaten-down taxpayer will get another boot where it hurts the most in his pocketbook—when the new county tax bills are distributed.

The 1953-54 tax rate will be \$1.97, a reduction of about 20c (or about 10%) but assessments were increased 20%.

New Night Driving Law

It will be illegal for any vehicle using bright headlights to follow within 200 feet of the car ahead, beginning Wednesday according to B. R. Caldwell, California Highway Patrol Commissioner.

There has been no change in the existing requirement that all motorists must lower the beams of their headlights when approaching within 500 feet of a vehicle bound from the opposite direction, Caldwell explained.

Furniture Fashions

It's Home Fashion Time, September 24 through October 3. This is the furniture and home furnishings industry's annual style show staged in thousands of retail stores across the country. During Home Fashion Time the new developments in furniture and home furnishings are highlighted. These important features show the homemaker how today's furniture can make housekeeping a pleasure instead of a chore. Note all the convenience in the living-dining area shown. Round dining table has a lazy susan in the center. Small seated room divider provides storage space and a serving surface for the dining area as well as the living room area. Mobile server with three shelves is almost indispensable in today's home. The modern three piece sectional sofa gives the room flexibility in arrangement. The comfort, convenience, and style shown in this room setting are typical examples of new Home Fashion Time furniture. Whether you prefer Modern or Traditional furniture you will find that today's furniture is contemporary in function.

Helix Faculty In Active Week

Workshop and orientation activities are on at Helix High School. Workshop is under the direction of Benton Hart and Tom Warburton and was concluded with a luncheon and tour of the Helix District last week. A general faculty meeting was held Tuesday under the direction of Lewis Smith, District Superintendent. This was followed by departmental meetings of Helix faculty. Dr. Clarence Fielstra, assistant Dean of Education at UCLA, is meeting with faculty members for a discussion "Motivation in Classroom Learning." Friday teachers will assist with Freshman Orientation Day.

Old House May Offer Many Advantages, But Check It Carefully Before You Buy

Families in the market for a home will find much to be said in favor of the house that's been around awhile, according to an article in the first edition of Home Modernizing magazine. The older home usually offers more space for less money. The neighborhood is established, its character known; utilities are in and paid for; the lot is landscaped, and the garage, drive and other expensive extras are included in the package. Schools, churches, transportation and other facilities are established—not just contemplated, as in new areas.

However, the magazine warned, the advantages of the bargain may be more than offset by the money needed to bring the house up to date. Time may have added charm to the house, but its defects, too, have had time to ripen. Assume the prospective homeowner has found a house he likes; the neighborhood is what he wants, and the price is not beyond him. His next move should be to determine if the house is really worth the price—by examining it to ascertain how much more it will cost to remedy all the defects.

Start In The Basement
The basement is the best place to observe the structure of the house. The basement should have a concrete floor, preferably with a drain. If it floods, there will be evidence—water marks on the walls, a rust level on the heating equipment. If the basement is excessively damp, the walls or joists overhead will show mold, rot or dampness. Check the foundation. Cracks can be patched, but severe cracks may be a symptom of faulty construction. There should be a sill—a flat timber on which the joists supporting the first floor of the house rest—running around the top of the foundation. And there should be steel or wood girders or beams supporting the joists in all but the smallest houses. Vertical wooden columns should rest on a concrete base above the floor (if imbedded in the floor, they have more chance to rot unseen). Joists should be 2x6 or larger, 16 inches apart. They should be braced with "bridging" if they span distances of more than eight or nine feet. Look for rot, termites, cracking and sagging in all wooden members of the structure. Check the floor above, to see that it has a subfloor and building paper between the subfloor and the finish flooring.

Much of the heating, plumbing and wiring systems probably can be checked in the basement. For modern living, a house needs an automatic furnace or boiler and water heater. There should be a main switch of 60 to 100-ampere capacity to accommodate an electric range, dishwasher and other heavy electricity users, plus the lighting load. **Water Outlets Needed**
There should be water outlets in the basement, particularly if that is where the laundry will be located. Basement sewer pipes should have clean-out plugs. Look over the interior of the rest of the house—especially the main floor—to evaluate the layout. Will the living room bear the heavy traffic load? Is the kitchen too small or too large for greatest efficiency? If it would be possible to improve the layout by removing walls, find out if the walls are "load bearing" (that is, do they help hold up the house), and whether they contain vital pipes, wires and ducts that may need rerouting. For comfort and heating efficiency, ceilings should be 7 1/2 to 8 feet high in rooms of average size. There should be ample closet space or space which can be converted to closets. Cross-ventilation in the various rooms is desirable. If plaster walls are cracked, flaking or sagging, it may signal underlying dampness, shrinkage of wood in the frame or other defects which could require remedial treatment.

Check Doors, Floor
If doors won't close, the frame may be out of kilter, or the floor or sill may be sagging. Test the floor; jump on it to see if it gives. It should feel firm throughout. Check framing in the attic as well as in the basement. The studs (2x4's) and rafters (at least 2x6's) should be 16 inches apart. If the roof is very steep, there should be collarbeams bracing them at about normal ceiling height. The lower ends of rafters rest on 2x4's or 2x6's laid horizontally around the outside—two of them for added strength. If the attic is insulated, it should be ventilated. Look for signs of water leaks in the roof.

The life of tractors and other farm implements has been lengthened by the use of nickel alloy steel in parts that must withstand abuse.

The West's 6,000,000th telephone was installed last week in the home of Master Sergeant (USMC) and Mrs. Lionel P. Williams.

WEST'S 6,000,000th TELEPHONE GOES TO WORK

Interstate Telegraph Company installs milestone instrument in Barstow, Calif.

A veteran of Korea and his wife are making calls this week over the West's 6,000,000th telephone. It was installed September 2nd by the Interstate Telegraph Company (an affiliate of the California Electric Power Company) which provides telephone service in Barstow and the surrounding territory. The Williams' telephone brings the total in the West to almost double what it was at the end of World War II—a remarkable growth record made possible by the combined efforts of more than 200 telephone companies.

It may surprise you to know that the West is served by more than 200 different telephone companies and the U. S. by over 5,200 companies. And the teamwork among them makes it possible for any telephone in the West to be connected with any of the 49,000,000 telephones in America. Surely one important reason for the West's sound growth is the cooperation among the telephone companies which serve it.

Telephone business is a community business

The telephone business is essentially a local business. Ninety percent of all telephone calls are local calls. And in the hundreds of communities served by the West's telephone companies, local people—your friends and neighbors—provide your telephone service, working constantly to furnish good service at low cost.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

State Wants Added Medical, Nursing Help

The state today announced a group of twelve civil service examinations designed to strengthen medical and nursing care in its hospitals, prisons and schools for the handicapped. Formal application deadlines were dropped for several classes because of constant need. Open for application at all times are these jobs:

Graduate nurse, paying \$295 to \$341 a month; hospital aid, Veterans Home, \$220-\$268; attendant, resident schools, \$220-\$268; encephalographic technician, \$281-\$341, and psychiatrist, \$544 to \$950, depending on qualifications.

Open for application until September 22 is nursing education consultant at \$376 to \$458, and until September 24 supervising nurse I at \$325 to \$395.

Up to October 20 the state will take applications for physical therapist for handicapped children, paying \$341 to \$415. October 27 is the final deadline in the series, applying to surgeon specialist, eye, ear, nose and throat, \$710 to \$950, and to three grades of psychiatric nurses, with salaries ranging from \$310 to \$436.

Women Voters Resume Meets

East San Diego unit of the San Diego League of Women Voters will resume its twice-monthly meetings this month, with the first meeting scheduled for Monday evening, September 14, at 7:30 p. m. at the home of Mrs. Aaron Reese, 1326 Felton. Mrs. Reese and Mrs. R. C. Aikens, who are co-chairmen of the unit, will lead a discussion on organizational structure of the local League, with emphasis upon the functions of the local board and how the unit system operates. The National League platform will be re-examined at the second September meeting, with the idea of possible revisions.

League meetings are always open to the public, and all interested women are invited to attend. Another event on the League Calendar is the annual membership tea, set for Sept. 26 at the House of Hospitality, where League members, their guests and all interested women, will be entertained.

The League of Women Voters is a national, nonpartisan organization. Items on the agenda for study are drawn from national, state and local programs.

YW-Wives Start

Season's Activities

Northeast YW-Wives "Go Back To School" too, as their fall program begins on September 15th. A special Get Acquainted Luncheon and program will be held on that date, with all classes holding demonstrations. Mrs. J. A. Myrick, President, will preside over the luncheon meeting, which will include a musical program under Mrs. Willard Reineking, chairman of the Committee on Administration of Northeast YWCA, and a craft demonstration with Mrs. Evelyn M. Bates, factory representative for Tri-Chem.

The YW-Wives proudly announce the following classes: Cake Decorating with the cooperation of Hoover Evening High School, with Mrs. N. S. Shannon as teacher; Figure Control with Mrs. W. N. Beers as teacher; Hula dancing with Mrs. B. L. Keerfoot instructing and a Christmas Gift-making Workshop under the leadership of Mrs. A. R. Prager. Further information may be obtained at the Northeast YWCA, 4056 University Ave., T. 7174.

"Highland Lads And Lassies"

Bob Turnbull

Pool Plungers . . . All highlanders, kays, squares and humans should get with it and join the bandwagon to La Mesa's new swimming-hole stashed in back of the L. M. Youth Center. Someday if you're feeling the least,

head for the pool and be a pool plunger. Here's a list of some of the Highlanders seen on occasion at the aforesaid spot, fannin', swimmin', and tannin' themselves for only 2-bits. Sally Culver, Bobbie Sable, Lorraine Sawyer, Diane Curtis, Sandy Hessen, Pat Adams, Maria Vidal, Merion Moulton, Karl and Cedric Jordan, Neal Curtis, Wimpy Rust, Ron Fix, Jim Ethridge, Tom McCabe, Ron McGuire, Bob Turnbull, Dick Davis, Bob Beasley, Glenn Crosbie, Warren Herman and Bob Merada.

Heartland Players Present . . . "Caught in the Villain's Web." This play has been so successful that thru popular demand (believe it or not) it is being held over for one more night. I would urge all my friends to see it for a riotous evening of entertainment. It will be shown again on Sept. 12.

Record Poll . . . Tops in 'pops' this week: 1. "Crying in the Chapel," The Orioles. 2. "Vaya Con Dios," Les Paul and Mary Ford. 3. "You, You, You," Ames Brothers. 4. "I'm Walking Behind You," Eddie Fisher. 5. "Oh, Pee Wee Hunt, Runners Up: "No Other Love," Perry Como; "Ebb Tide," Frank Chacksfield; "P. S. I Love You," Hilltoppers; "Dragnet," Ray Anthony; and "Hey Joe," Frankie Laine. Weeks Leading Specialty: "Little Red Riding Hood," Jazbo Collins.

Jones' Jump . . . "Fall Flat, Cover Face With Arms," six words that may save your life if you're in the Russ Auditorium on Saturday night, September 12: Reason? Nail Down the furniture! Spike Jones coming to San Diego — "Insanities" due at Russ — Jones, noted for his zany approach to the gentle art of dispensing music, will bring along the 'gadgets' which make up his "orchestra," including a guitar which shoots ping-pong balls, a harp which pops corn, a bass violin with a built-in kitchen and a rubber octopus reputed to be able to play eight instruments.

Gauldin Cultivates 'It's Harrowing' Le Sez

That was not a 4-H agricultural project you saw earlier this week along the railroad tracks in front of the Grove Theatre.

That was Bob Gauldin, local hamber of commerce president, stride a skip loader breaking ground for plantings to beautify the area under the direction and sponsorship of the Business Women's League.

Business firms in the area are underwriting part of the cost. The Lemon Grove Kiwanis Club contributed \$25 at a meeting earlier this week for the work.

One Tab Per Auto Now

Only one license tab is being issued by the State starting next year, due to a vehicle code amendment which is now effective.

This is one of 133 vehicle code changes made by the 1953 session of the state legislature for purpose of economy and convenience.

It is estimated that the state will have \$100,000 by issuing only the tab for the rear license plate, the Automobile Club of Southern California reported. The tabs are issued during the four intervening years between issuances of new license plates.

Harness Named 'Feather' Head

Robert S. Harness, widely-known Foothills area civic leader, has been named chairman for the Red Feather United Success Drive in the Heartland area.

This area includes the communities of Grossmont, Helix, Lemon Grove, Spring Valley, Lakeside, Rolando, Vista La Mesa, Alpine and Santee.

Art Thomas, principal of Monterey Heights School has been named chairman of the Lemon Grove area.

Harness of 7740 Saranac St. was appointed by Arthur Eddy, chairman of the Associated Towns Division of the drive. He was co-chairman of the recent Fiesta de las Flores parade in La Mesa.

Most of the community chairmen have been named and are setting up their own organizations, Harness reported. Community groups contacted have pledged their support.

"From our preliminary survey of the Heartland area," Harness said, "I am certain the United Success Drive will receive the wholehearted support of each community."

"We need many active volunteer workers to put the drive over the top and so assure the vital services provided by 55 Red Feather health, welfare and youth agencies."

Persons willing to help are asked to call Harness at H6-3694, or Bill Poirier, staff aide, at H6-8242.

St. Phillip Marie Is Sister Superior At St. John's

The first board meeting of the Parent's Guild of St. John of the Cross School was held last week in the school building. All officers, board members and committee chairman were present to discuss plans and programs for the new school year.

First order of business was introduction to Sister Phillip Marie, Sister Superior for the 1953-54 school term.

All committees presented schedules of activities and one such program of special interest to parents of school children is a workshop for parents tentatively planned for October.

First meeting of the Parents' Guild is to be held October 8th in the parish hall.

St. Teresa To Initiate Oct. 6

Court St. Teresa of Avila held their regular meeting last week in St. John of the Cross Auditorium. Twenty-nine members were present.

Mary Ellen Young, social chairman, reported on the dinner-dance which marked the 2nd Anniversary of the Court also the family picnic held at Lakeside Park.

Barbara Rodefer, social welfare chairman, asked for more clothing and canned goods for the needy of the Blessed Sacrament parish in Tijuana, Mexico.

September 26th was tentatively set for a card party in the church auditorium with Barbara Rodefer acting as chairman.

Initiation of new members will be held October 6th. Betty Woestman is chairman of refreshments and Ann Dobransky is co-chairman.

Audrey Miller, assisted by Amelia Magano, Yolanda Jones and Dorothy Pfeiffer served refreshments at the close of the meeting.

Seven State Job Close Next Week

Seven state exams with September 18 final application dates were announced by the State Personnel Board today.

They are: women's parole officer, open to women only, and paying \$341 to \$415 monthly; associate research technician, (population studies), \$505-613; marketing economist, \$481-584; assistant marketing economist, \$395-481; refrigeration engineer, \$341-415 or prevailing union rate; laboratory technician (animal pathology) I, \$281-341; and laboratory technician (animal pathology) II, \$310-376.

Women's parole officers need three years' experience as social case workers, at least of year of this in probation or parole work, or occupational counseling or placement.

Research technicians require three years' technical research or statistical experience, including a year in population research.

Begonia Society Meets Monday

The La Mesa Begonia society will be guests at the home of Mr. and Mrs. J. E. Blair, 5026 Thorn, Monday at 6:30 for a potluck dinner. Bring your table service.

Lemon Grove Day Set At L. A. Fair

Lemon Grove day at the 1953 Los Angeles County Fair in Pomona has been set for September 19. This announcement is contained in a special invitation received by local officials as part of a definite program to increase interest in community-wide participation in the world's largest county fair.

That this program is being continued is testimony to its success the past few years. Tevis Paine, public relations director for the fair, continues as coordinator of the special days calendar. Through his efforts the program attained Southland acceptance almost over night and has enjoyed steady growth in community participation ever since.

Chula Vista Fiesta To Have Kids Appeal

CHULA VISTA — A chance to evaluate the younger generation's imagination will be offered again this year as one of the highlights of this city's famous fiesta when the children march in their own parade Saturday morning, September 26.

The 19th annual Fiesta de la Luna (Festival of the Moon) is scheduled for September 24 to 27.

Eighty dollars in cash awards prize ribbons and free passes to the carnival attractions are expected to lure costumed children by the thousands into walking, riding their bicycles and ponies, pushing doll buggies and wagons and just tagging along, he parade route from 9:30 in the morning until they disband in a free-for-all at the rides and shows in the baseball park.

Rebekahs Meet Wednesday

Mesa Jewell Rebekah Lodge No. 409 will meet on Wednesday at 7:30 for their regular business meeting at 8263 La Mesa Blvd.

Mrs. Pernel Adams is Noble Grand, assisted by Mrs. Verda Lyng, Vice Grand, Mrs. Marion Angell is chairman of the refreshment committee. Birthday members will be honored.

The "Bum-a-ga-Sale" is planned for the September 18th and 19th at 8125 La Mesa Blvd. (in the Old Theatre Bldg.)

Presbyterian Fiesta Starts This Week

The Trinity Presbyterian Church Fiesta will be held Friday. There will be nursery care for toddlers and fun for the older children as there will be rides, movies and a fish pond. There will be lots of entertainment for everyone and food too.

An auction sale will be held at which a quilt and a parcel post package from Mrs. Dwight Eisenhower will be sold.

The business meeting will be conducted by Mrs. P. P. Lee, president, and Mrs. Alice Piffinger, vice-president, will present Mrs. Clarence E. Moore, who will talk on fern spore propagation.

Public Meeting For Goodwin Knight

Lt. Governor Goodwin J. Knight will make an address at a noon meeting at the Grant Hotel Monday, Sept. 21st. Assemblyman Frank Luckel will introduce Lt. Governor Knight.

President Vernon Bennett of the Men's Republican League, which together with other Republican organizations is sponsoring the lunch, cordially invites the general public.

Lutheran Church Ladies To Meet

Ladies of Lemon Grove Lutheran Church will meet Friday evening at seven-thirty in the church parlors.

Bible study will be conducted by Mrs. Shirley Peterson, Parish Worker.

Sara Duea will be in charge of the program. Members are urged to bring in their mission boxes.

Hostesses for the evening will be Mrs. Clyde Walker and Mrs. Oscar Mueller.

Deadline Set

Five civil service exams with an application deadline of October 1.

O. E. S. 579 Sets Schedule

The San Miguel Chapter of the Order of Eastern Star No. 579 met at Friendship Hall Wednesday night.

A comedy play "Once in a Blue Moon" with an all male cast was presented. Meetings will be held in the future on the second and fourth Wednesday of each month at 8:00 p. m.

Dog Stops At Armstrongs

A black and white cocker spaniel wandered into the Frank Armstrong household over the holiday weekend. The pup is apparently some child's playmate. Mrs. Armstrong may be reached at H6-2492.

October 2 were announced today by the State Personnel Board. They are: compensation insurance assistant, paying \$295 to \$341 monthly; associate highway engineer, \$505-613; associate architectural draftsman, \$481-584; medical superintendent, neuropsychiatric center, \$1050-1150; and state park naturalist, \$395-481.

Voters In The

SPRING VALLEY SANITATION DISTRICT! COMMUNITY LEADERSHIP

beats the obligation to carry True Facts to the people, so that they may judge for themselves and act on the merits of the issues. HAS COMMUNITY LEADERSHIP BEEN FULFILLED by the organized sewer opponents (Mountain Valley Taxpayers Ass'n., Inc.) when they state:

1. The Preliminary Report of the Engineering Division of the County Public Works Department cost the District taxpayers \$16,000.00.
2. The proposed sewerage treatment plant is obsolete and the same kind as was condemned at Santa Rosa, California.
3. The proposed sewerage system will cost the District residents \$4,000,000.00 in principal and interest on a 30 year bond life at 4%.
4. Any estimates from the original engineers' report with 30 years to pay, has been limited by the State Legislature to 15 years.
5. Mr. Fred J. Hansen owns 120 acres of barren land which lies within the Sanitation District.
6. That one acre of barren land in the District will increase in value from \$300.00 at present to \$5,000.00 after the sewers are in for a gain of \$4,700.00.

AND THE PLAIN DOCUMENTED TRUTH IS:

1. The official records on file in the County Public Works Department show that the Preliminary Report in question actually cost only \$3,109.49.
2. The condemned Santa Rosa plant was an outmoded septic tank built in the 1920's for a small population, by written testimony of Mr. Frank B. Searles, City Engineer of Santa Rosa. The proposed Spring Valley Treatment plant will be very similar in method of treatment to the NEW Santa Rosa plant, according to written testimony of the County Engineering Division.
3. The initial construction cost of the proposed Spring Valley Sewerage System will not exceed \$1,717,000.00. This cost will be financed by a 25 year bond at an expected interest rate of 4%, which will bring the total cost of bond repayment and interest to \$2,738,640.00. The schedule of repayment of principal and interest year by year is on file at the Engineering Division office of the Public Works Department, 4005 Rosecrans Street, San Diego.
4. Assembly Bill 2868, passed at the last legislature, which added Sections 5474 to 5474.10 inclusive to the State Health and Safety Code, gives the Board of Directors of County Sanitation Districts the authority to provide for the payment of Connection Fees in installments over a period not to exceed 15 years. This is one part of the three part financing formula, and has no connection with the life of the bonds to be issued. The life of the bonds for the proposed Spring Valley Sewerage System has been recommended to be 25 years and according to the official resolution of the Board of Directors of the District, the bond life cannot exceed 30 years.
5. Mr. Fred J. Hansen does not now and did not at the time the statement was made, own 120 acres of barren sub-divisible land within the boundaries of the Spring Valley Sanitation District. He does own 50 acres of land within the District, 40 of which is suitable for residential subdivision. Official county records checked against the official legal description of the boundaries of the Sanitation District will prove this fact.
6. Barren sub-divisible land in the District is today worth approximately \$2,000.00 per acre, but before it can be sold for subdividing purposes it requires the expenditure on the part of the owner or the subdivider approximately \$4,600.00 per acre for streets, sewer lines, water lines, gas and electricity, surveying, etc. This cost is based on current practices and requirements for subdividing. After it is subdivided and built upon, the first 4,000 homes built and occupied by 1960 will return in revenues to the District \$1,744,000.00 over the 25 year bond life, which is more than the initial construction cost of the entire sewerage system.

Getting That Wash Day Smile

Smiles on wash day? Wouldn't the girls of the "gay nineties" be shocked! The only day they ever had on wash day was the good old rain barrel.

It's a long step from the rub and scrub of the "good old days" to present day housework. To make homes more saleable, progressive architects and builders are including everything to make life easier for the homemaker. "Utility" rooms have become as bright and sunny as the kitchen, and as fully equipped.

An abundant supply of softened hot and cold water is available at the turn of a tap, with modern automatic water softeners and heaters. Automatic washers, which require nothing more than organization and loading are simple, push-button affairs. Driers have eliminated tating and the backyard. Automatic ironers whip things through in double-quick time. Mildly whizzes through her laundry while baking a cake and planning for a tea.

Yes—the old rain barrel of yesteryear has been replaced by the modern water softener, the scrub board by the automatic washer, the flat iron by the modern steam iron—all today part of the magic of the modern laundry room. Times have changed for Mrs. Housewife.

Pictorial Review

Customers of water, gas, electricity, telephone and transportation utility companies have the opportunity to testify before the California Public Utilities Commission when the latter holds public hearings throughout the state to consider rate increase proposals.

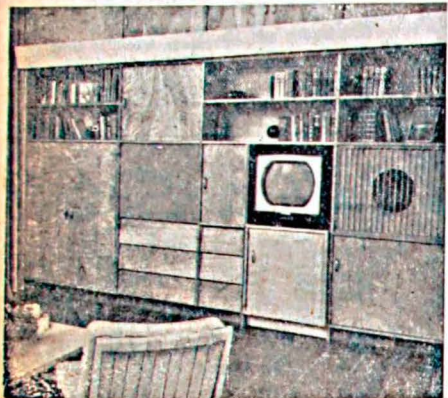

Television Created Problem Of Where To Put The Set

Television, in its sweep across much of the nation, has brought long before the television age. The problem at once arose of where to put the set. Placing the bulky thing in the center of the living room wasn't the answer in most cases, according to Home Modernizing magazine.

The solution: built-in sets; or rooms—or corners of rooms—set aside for viewing. The TV set can go into the walls, into a screened corner, into the basement or attic or a closet. A large kitchen or the little used dining room can become a home "theater".

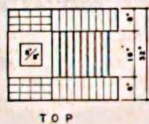

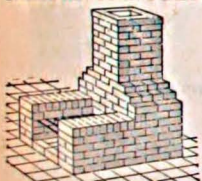

A guest room is an excellent haven for TV—with privacy.

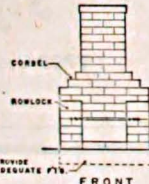

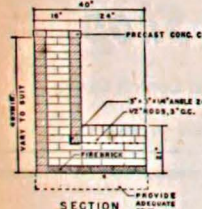

Space for the television set is provided in this storage wall.

How to Build Outdoor Grill With Chimney

This brick outdoor grill, with a chimney and precast concrete cap, is of simple design. It's easy to build with the guidance of the detailed sketches from Small Homes Guide.

New Gadgets Fix Leaks In A Jiffy!

Have you been bothered with a leaky faucet—and ugly brown basin stains? There's no need to worry now if the male of the household is too busy to fix it. Snap-in faucet seats and swivel washers are the newest help for homemakers. They'll do the trick in but minutes... and you, little lady, can do it yourself!

If the faucet seat is rough and gritty, it will wear out conventional washers in no time. Here's all you have to do to correct this situation: Take the faucet apart, then, using a pencil, stick of wood, or handy insert tool, slip the new snap-in seat into place. If the old washer is also worn, throw it away, and snap a new swivel washer into the end of the faucet stem. Replace the faucet and... Presto!... the leak is gone! And you'll be saving money, too, for according to a large city water department, a faucet leak as small as a pin-prick can waste 95,000 gallons a year. Metered at the average of 1/16 cent per gallon and heated, this would result in a loss of \$90 annually for one little leak. That would buy you a fancy new fall costume!

OP ENTERTAINMENT STARS SUPPORTING KENNY FUND DRIVE

Minneapolis, Minn. — The nation's top ranking personalities of the entertainment world are giving their active support to the 1953 polio fund appeal of the Sister Elizabeth Kenny Foundation, now under way, according to Marvin L. Kline, the foundation's national executive director.

The long, star-studded list from stage, screen, radio and television includes Henry Fonda, Edward G. Robinson, Groucho Marx, Rosalind Russell, Jimmy Durante, Rosemary Clooney, Frankie Carle, Guy Lombardo, Spike Jones, Gene Autry, Hopalong Cassidy, John Cameron Swayze, Eddie Cantor, Jack Benny, Kate Smith and many others.

RUSSELL

LOMBARDO

"By contributing their time and efforts, these people are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Kline declared. "The Kenny Foundation is dependent upon public contributions for its program of training additional Kenny Therapists and for making the Kenny treatment available to polio victims. It has no other source of revenue for this work."

DURANTE

PIE IN A BAG

Have a piece of leftover pie? Wrap and put it in a plastic bag. Freeze in the home freezer. Filled with several pieces of different kinds of pie, the bag is a handy snack-sack. One piece of pie may be removed at a time and a selection is always available.

Grandpa's Comin'

BIG HUG is due Maj. Gen. William F. Dean from granddaughter, Ann Williams, when he returns from Red captivity. She is with parents, Capt. and Mrs. R. C. Williams, who live near Monterey, Cal. (International)

Even Children Will Like Corn Bread Liver Patties

Every mother knows that liver is particularly good meat for growing children, but getting them to eat it is sometimes a problem. Baked Liver Patties that include corn bread crumbs to provide a flavor that is delightfully different help solve that problem. And of course, the corn bread is good for growing youngsters since it is a basic energy food. When corn bread made with self-rising corn meal is used, even calcium, needed for the development of good bones and teeth, is made available to the body.

Corn Bread Liver Patties are quick to prepare, for they need be baked only 20 to 25 minutes. They will add a new taste to liver that will make this good meat food appealing to the entire family. Corn Meal Liver Patties are good for everyone. Try them soon for a delicious dinner.

CORN BREAD LIVER PATTIES
1½ pounds liver
2 cups corn bread crumbs
¼ cup grated onion
4 tablespoons bacon drippings
¼ teaspoon pepper
1 teaspoon salt
Bacon slices
¼ teaspoon powdered sage or ¼ teaspoon marjoram

Prepare liver by wiping with a damp cloth; cover with boiling water and allow it to stand for five minutes. Remove the liver and run it through food grinder using fine blade. Combine with corn bread crumbs, grated onion, bacon drippings, sage or marjoram, salt and pepper, adding meat broth or hot water to moisten if needed. Shape into thick patties. Wrap with bacon slices and fasten ends with a toothpick. Bake at 400° F. 20 to 25 minutes or until bacon is crisp.

OVERJOYED BY DEAN'S RELEASE

FONDLY GAZING AT PHOTOGRAPH of grandson, Robert Dean Williams, Mrs. William F. Dean, wife of the heroic major general released from three years of captivity in Korea, awaits his return to California. Gen. Dean has never seen either of his two grandchildren, Bobbie, 2½ years, Ann, 6 months old. (International)

Week-End Decorators

A new living room by nightfall is possible when husband and wife join the Week-End Decorator movement. Odorless paints and time-saving painting accessories make the job easy, thrifty and fun. To add more fun to the week-end of decorating, paint dealers all over America are providing suitable garb for both Mr. and Mrs. Homeowner. Colorful aprons are hip with such jive talk as "Whistle that bristle—dream boat!" "More fun than painting the town!" "I always told you I'd get up the ladder!" The wife's bandanna, suitably inscribed "Boss," includes such sayings as "Oh, John, you're painting over Mother's picture." The husband's cap, of course, is designed to look just like a pro's. Paint dealers also provide the couple with a diploma which they can award themselves at the conclusion of the painting job making them members of the "Official Order of Week-End Decorators."

In addition to the fun material, the paint dealers who have joined hands in an industry-wide Week-End Decorator promotion sponsored by the Archer-Daniels-Midland Co., Minneapolis, also are distributing "how-to-paint" booklets with tips on the tough jobs like the ceiling, the windows and the doors. With modern paints and proper equipment, the booklet points out, Week-End Decorators can apply paint smoothly, without streaks or lap marks, so that it will dry within a few hours, all for a cost of only \$9 a room.

NEWLY ELECTED LEGION CHIEF

Television star Kathi Norris and her daughter Pamela exchange appraising glances at their "twin designed" dresses. In the column below, Kathi tells about a mother-daughter dispute over clothes that solved a problem in child behavior.

Speaking of Families

By BETH JUDSON

If you watch Kathi Norris on her morning TV programs, you're surely aware of her remarkable poise... and how graciously and honestly she meets every situation.

In her role as mother, Kathi Norris (Mrs. Wilbur Stark) has the same fortunate qualities. The minute you see her with her pretty 6-year-old daughter, Pamela, you can sense their warm, happy relationship. Even when behavior problems crop up—as they're bound to—Kathi usually manages to handle them with her typical good sense and ease.

There was the time, for instance, when Pam was going through a stage of wanting to choose her own clothes—the fanciest in her closet, no matter what the occasion.

One winter day, Pam wanted to go out and play in the snow. And in the next breath she was asking, "May I wear my blue velvet dress?"

"I explained," said Kathi, "that blue velvet was hardly suitable under a snowsuit. How about her blue flannel skirt? But that had no appeal at all! In fact, no matter what I suggested, she'd wail."

At this point, Kathi's impulse

was to put her foot down and say, "No suitable clothes, no play in the snow." But she quickly thought better of it. Do you really accomplish anything constructively when you force a child to do something because you, great, big adult, says she mustn't it wiser to let children figure out for themselves?

"All right," Kathi told her, "put on your blue velvet if it must. But remember, if it's full of wrinkles, you won't be able to wear it to Tommy's party tomorrow."

Sure enough! When Pam wriggled out of her snow suit late that day, it was as wrinkled as a dried prune! Even she could see that it wasn't fit for a party. And going to a party is half as exciting if you can't wear your favorite dress!

"From then on," smiled Kathi Norris Stark, "whenever Pam wanted to wear the wrong thing, I'd gently remind her of that day she insisted on the blue velvet dress. It worked like a charm."

"And I think I learned something, too. I realized how much easier it is in the long run for us, and how much better for children themselves, if we help them learn by their own experience."

This column is sponsored by the Family Service Association, 645 A Street, a Red Feather United Success Drive Agency.

Paints Now Available On Sunday

Dick Roberts, owner of the Lemon Grove Patio and Material company of 7375 Broadway, Lemon Grove has announced the re-opening of the company's paint department featuring products of

Tilton's Machine and Welding Service

LAWN MOWER SHARPENING AND SAW FILING
PORTABLE WELDING
7831 CENTRAL H 6-0103
Near Fire Station

the General Paint Corporation. "General Paints have long been familiar to residents of the San Diego area and have now added Lemon Grove to the many local areas being served with General Paint products and service through local dealers," Roberts said.

One major factor in our ability to serve the "do it yourself" and the "week-end decorator" customer will be our policy of being open on Sundays so the perennial problem of running out of paint and other materials in the middle of a week-end job can be easily remedied.

"We are looking forward to serving our many friends in the Lemon Grove area with their paint requirements," he said.

Mothers, this is the month your children go back to school. Remember: safety begins in the home. Teachers are doing a fine job of teaching traffic safety in the schools.

That's What They Said

CHARLIE POWELL, S. F. '49er on dropping ring career to return to pro football — "The trouble boxing is, there are no substitutes!"

ERROL FLYNN, Hollywood star—"A pessimist is a man who thinks all women are wicked; an optimist is one who merely hopes they are."

REV. NORMAN V. PEALE, in L. A. sermon—"I see a spiritual awakening in the life of business. You would find more Bibles than whisky bottles in businessmen's desks today."

SEN. WILLIAM F. KNOX, LAND—"The day that Communist China goes into the United Nations, the United States should go out."

Valuable Space Is Wasted In Many Families' Garages

Many families waste hundreds of cubic feet of valuable space in their garages that could provide efficient storage for equipment and home maintenance materials. Even the minimum-size garage — 10x20 feet — can house much more than the family car.

The first edition of Home Modernizing suggested that the homeowner utilize the waste space in this manner:

Drive the car into the garage front first. Then measure the space above the hood. It would be nothing unusual to find 250 cubic feet of space that can become shelves or cabinets accommodat-

All available space is used in this tiny garage. Cabinets above the hood of the car and along the side wall house tools and supplies.

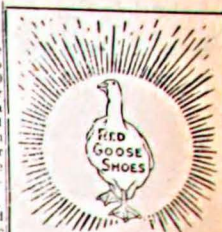

Iowans To Picnic Sunday

The annual Iowa State College Picnic will be held in Presidio Park Bowl on Sunday at 1:30 p. m. This event is planned for the families and friends of Iowa Staters as well as for new and old alumni of the college which is located at Ames, Iowa. For further information regarding the picnic, alumni are asked to contact Ben E. Ruel, Spring Valley.

Parents: September accounted for the heaviest toll of traffic deaths in 1952. This year, be on guard against a traffic tragedy in your family. Your San Diego County Traffic Council asks you to instill traffic safety habits in your children. They will be facing increased hazards on streets and highways because of earlier darkness as they go to and from school.

County Traffic Safety Council urges you to back up this instruction by good example, and warnings to play only in approved areas, to cross at crosswalks, and obey traffic officers.

Public Notices

NOTICE OF TRUSTEE'S SALE

WHEREAS, MARION W. COATE and GERALDINE COATE by Deed of Trust dated October 21, 1947, and recorded in Book 2548 Official Records, at page 241, in the office of the County Recorder of San Diego County, California, did convey the premises therein and hereinafter described to MT. HELIX ASSOCIATES, INC., a corporation, as Trustee, to secure, among other things, the payment of a promissory note, executed on October 21, 1947, by the said MARION W. COATE and GERALDINE COATE for the principal sum of FOURTEEN HUNDRED FIFTY and 00/100 DOLLARS (\$1450.00), with interest from October 21, 1947 and

WHEREAS, default has been made under the said Deed of Trust and said note in that the installment of principal and interest due on said note on the 1st day of December, 1950 was not paid when due, and that there is now due, owing, and unpaid, upon said note the sum of SEVEN HUNDRED SEVENTY-SIX and 61/100 DOLLARS (\$776.61) with interest thereon from the 1st day of November, 1950, and that principal and interest due on an improvement bond of record are in fact delinquent; and that taxes are in fact delinquent; and

WHEREAS, the owners and holders of said note did declare that default had been made as aforesaid and did declare the whole of the principal and interest immediately due and payable and thereupon on the 2nd day of June, 1953, did record in the said County Recorder's Office, in Book 4897 of Official Records, at page 20, due notice of Breach and Election to Sell the premises herein after described.

NOW, THEREFORE, Notice is hereby given that the undersigned will as Trustee, sell at public auction in the manner provided by law, to the highest bidder, for lawful money of the United States, on Friday, the 25th day of September, 1953, at the Hour of 10:00 o'clock, in the forenoon of said day at the South center door of the County Courthouse, in the City of San Diego, County of San Diego, State of California, all the interest conveyed to and held by said Trustee, by the aforesaid Deed of Trust, in and to all that certain real property set forth therein, situated in the County of San Diego, State of California, more particularly described as:

Lot Six (6) of TEMPLETON PARK, according to Map thereof No. 2346, filed in the office of the County Recorder of San Diego County, August 29, 1946, for the purpose of paying the balance due upon the principal sum of said note, to wit: the sum of SEVEN HUNDRED SEVENTY-SIX and 61/100 DOLLARS (\$776.61), together with interest from the 1st day of November, 1950, and delinquent taxes and delinquent amounts due on improvement bond, as provided in said note; sums, if any, advanced under the terms of said Deed of Trust; the expenses of said sale and the compensation of said Trustee, as therein provided. DATED this 24th day of August, 1953.

The MASON LINE

Continued from page 1
tribution gratefully received, say they.

WITH TWO SITES FOR A HIGH School up for consideration, the committee dumped the problem into the laps of the Grossmont Trustees with no recommendation.

SERAFINA, THE OPERETTA written, produced and staged by local people for the Benefit of the Cerebral Palsy Foundation has caught the fancy of County Hi-Y Leaders who plan to send their boys into action selling tickets for the performances, Oct. 5th and 6th.

WE WONDER IF IT WOULDN'T be possible for some kindly soul or group of souls to install a drinking fountain and comfortable benches under the trees on Main St.? Some mighty fine senior citizens would enjoy this, we believe.

WHAT EVER HAPPENED TO that C. of C. survey that was going to determine whether the people along Federal and North Imperial wished to change the street name to Broadway? With the coming of the Freeway it would seem to use more important than ever to assure these people that they are part of L. G. and their problems will be considered as important as any other part of the area.

We have high hopes for the success of our local planning Committee. Real vision and planning with the entire area in mind is vital and NOW.

First Freeway Contract Reeses Have Another Boy

Continued from Page 1

to keep a home looking at radioactive.

Iris Mc Lemore, whose husband, Ronald, is a Union Tribune Distributor, is one of the happiest sellers.

"We have been wanting to sell for a long time and the highway group came along and paid us what we were asking. We need a larger place which we can get now because our family is expanding. We have a daughter 7½ months old and another one on the way and we plan to have six. Now we can get a house big enough."

Mrs. Will, who lives with her daughter, Josephine N. Kirkland, a teacher at Jackson School, resides at 3630 Corona. "We are still negotiating. I would like a little more than they offer because a place that is built like ours is hard to replace. We have had professional landscapers arrange and care for our yard. That takes money. I would like to feel that I could get enough money for this place to duplicate it on today's more expensive markets. We will probably reach an agreement this week."

The M. H. McCrarys live at 7380 North and are restive because the negotiators have not reached them yet. "We have a real problem," Mrs. McCrary said. "M is a sign painter and he operates out of our house. It will be almost impossible to obtain a place as handy to Lemon Grove as this, especially one that is more than 100 feet wide."

J. B. Robinette, who completed the four unit apartment at 7492 - 96th North Avenue, says he is sorry to have to give up his new building to the freeway.

"We have not gone into negotiating yet. Since I built this place to hold, I thought of it as a permanent income for my family. I built it better than I would for speculation purposes. A fair appraisal, based on income, should mean at least a \$40,000 purchase price," he said.

"Caught" Held Over By Popular Demand

Bob Turnbull

"Caught in the Villain's Web" has been so successful that thru popular demand it will be held over for one more night. That night is Saturday at 8:30 p. m. The Lemon Grove's Women's Club is their stage with the following real-life people in this rousing play: Ray Purtee, Esther Jessen, Mary Jane Steagall, Bob Turnbull, Barbara Bates, Tom Bracking, Janet Hentigan, Bill Thornton, Barbara Thornton, and Alice Stammerjohn.

Costumes and set is around 1920. The play has everything from conflicts between vice and virtue, to the house-falling apart, people killed, fights between villain and hero, etc. Laugh lines galore are spread thru the entire play with omissions mixed during the acts. Refreshments are served to patrons who are seated at tables instead of the conventional theatre seating.

Just having the play held over proves that it is very popular with our community. I urge everyone to not miss this. Thank you.

Adult High School To Get Under Way

Plans to emphasize academic programs for people who are working for high school diplomas have been announced by John W. Davis for the forthcoming Grossmont Adult School fall program which starts September 21.

Printed programs for both day and evening classes at Grossmont High and Helix High are available by calling H6-4155.

Registrations may be made during the first meeting of each class.

Casualty Report: 235 persons killed. These are not battle casualties, these are the traffic fatality figures for San Diego County in 1952. Traffic hazards will be multiplied during the next four months because of earlier darkness, and the thousands of children returning to school. "Please drive carefully."

All Honey Chocolate Cake

2 cups sifted Swans Down Cake Flour
1½ teaspoons soda
½ teaspoon salt
½ cup shortening
1½ cups honey

2 eggs, unbeaten
3 squares unsweetened chocolate, melted
*Water (see below for amount)
1 teaspoon vanilla

*With butter, margarine, or lard, use ¼ cup water. With vegetable oil, any other shortening, use ½ cup water.

Sift flour once, measure, add soda and salt, and sift together three times. Cream butter, add honey very gradually, by tablespoons at first, beating very hard after each addition to keep mixture thick. Add ¼ of flour and beat until smooth and well blended. Add eggs, one at a time, beating well after each. Add chocolate and blend. Add remaining flour in thirds, alternately with water, beating very well after each addition. Add vanilla. Turn into two 9-inch layer pans, which have been lined on bottoms with paper. Bake in moderate oven (350° F.) 35 minutes, or until done.

When cool, spread tops and sides with your favorite chocolate frosting and serve with a scoop of ice cream.

Chamber Of Commerce Notes

By Zelda Vernier

The monthly meeting of the Board of Directors of the Lemon Grove Chamber of Commerce was held September 1, at 7:30 p. m. in the office of the Chamber of Commerce. Directors present were: Robt. Gaudin, president, Max Goodwin, Forrest Baxter, James E. Pearce, Zelda Vernier, Jack Koop, Dr. Donald Johnson, Robert

their first trip to California. Schonebaum is an intelligence agent with the Treasury Department.

Want-Ads FOR BEST RESULTS

Browne Roy Lane. Absent were Wayne Johnson and John Dail.

Bob Barchi, local printer, spoke with the Chamber about plans for the new Lemon Grove brochure and directory which is being considered.

A letter was read from the Federated Sanitation District asking the Board to write a letter to the Board of Supervisors endorsing sewer system in Spring Valley. Since the Chamber of Commerce is not entirely familiar with the plan, it went on disapproving it.

Mrs. Vernier was asked to request the Lemon Grove Woman's Club to serve the lemonade in the Plaza on Saturday, Sept. 5.

At the request of the Little League Baseball team, a letter

of identification was authorized to be given them. It will be used by them when soliciting the local business men for funds.

Mr. Al Hunt, professional decorator, presented tentative plans for Christmas decorations in Lemon Grove.

Mr. Lighthouse cited the need for good bus service from Lemita Village to our business district. Since the Transit Company has plans to extend the Encanto bus into Lemita Village he thought it possible that they might continue on to Lemon Grove. Mr. Lighthouse accepted the chairmanship of a committee to contact the Transit Co.

Next meeting of the Lemon Grove Chamber of Commerce will be October 6, at 7:30 p. m. in the Chamber Office on Main Street. All citizens are invited to attend.

Golden P.T.A. Exec. Board Meets

The executive board of Golden Ave. P. T. A. discussed plans for the coming school year at a meeting held last week at the home of Mrs. Robert Thoman.

Plans were made for program budget and finance. Also the annual Halloween Carnival, P.T.A. sponsored community event. Mr. R. H. Lange was elected the office of treasurer.

Attending the meeting were Mrs. Evelyn Lauritzen, Elw Middleton, T. A. Keeton, Br Morgan, George Cremer, E. Linck, Alex Antoinette, R. Riggs, Herman Lawler, R. Lange, Ray Denin, Robert T. man, Arthur Easton, Alf H. berg, John Peavler and Mr. B. Cosby and Robert Lange.
